

Barnett Dog Park

Council asked the community what they thought of the final design for Barnett Dog Park. The design was created in response to a first stage of community consultation.

Here's what you told us:

Dog park design:

Respondents were pleased that their initial feedback on the concept design including lighting, fences, seating, separate play areas for small and large dogs, and solutions to keep dogs away from properties adjoining the park were incorporated into the final design.

95%
of respondents (39 people) supported the updated design concept

83%
of respondents (34 people) rated the final design either a '4' or '5' out of 5

Who participated?

8,559
people on average saw the opportunity to provide feedback.

41
formal responses received via Council's engagement portal.

25
people attended the community drop-in session.

Project timeline:

We will continue to keep you updated as this project progresses via Council's engagement portal (www.oursay.org/cityofparramatta).
