

MOBBS LANE RESERVE, EPPING

Mobbs Lane Reserve is a natural bushland reserve adjoining the Terrys Creek Walk. The playground is set within mature trees which provide excellent natural shade. The playground space is supported with additional park furniture, a picnic shelter and car parking. The area of open space is popular with nearby residents and is an important space for families to gather.

1	Proposed accessible concrete circuit path around the new playground.	7	Proposed new rubber softfall surfacing for playgrounds.
2	Existing picnic table setting to be retained and protected.	8	Existing picnic shelter and picnic area to be retained.
3	Proposed seating with back and arm rests, provide places for rest.	9	Proposed new bin enclosure.
4	Proposed triple swings set with a toddler seat, standard seat and a large nest seat to cater for all ages and abilities play.	10	Existing bushland areas and existing trees to be retained and protected.
5	Proposed mutiplay structure provides climbing net, double slides and a spiral slide for play choices.	11	Existing park signage to be retained.
6	Proposed wheelchair accessible spinner for all age and abilities play.	12	Proposed concrete steps and sandstone block seating walls
